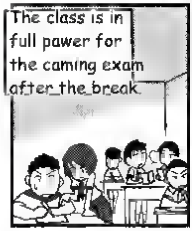
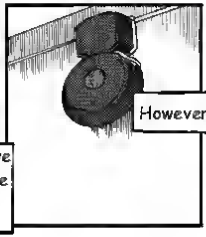
Long time no see everyone!
It's like 3 years even it's only a 3-day National Day holiday!



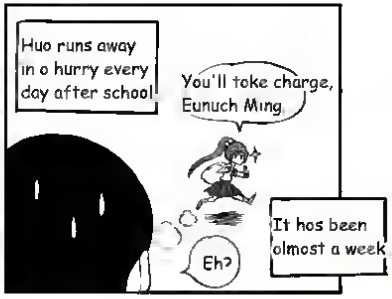
The class is in full power for the coming exam after the break.

Meanwhile, we did not ignore our duties as well.



However...

Your Majesty! Everyone is in high fighting spirit! We'll stay for extra 2 hours after school to review the classes!
How about a speech



Huo runs away in a hurry every day after school!
You'll take charge, Eunuch Ming.
Eh?
It has been almost a week.

Wahhhhhhhh!!
Hua Your Majesty is a big idiot!!!!
That's too thoughtless!!
!?
What a messy day
Slam!
Yeah

Actually Hua has been living in the hospital for days, she would come in during my sleep and sleep on the chair
Also before going to school she'd call nurses, prepare water and food, and after school she'd come to watch at the door

For Hua, that's probably all what she can do
I feel she's simply too shy to say anything to me. Hong must have misunderstood her.
After all, it's all because I'm too useless

Bro Zhang, two women are sulking for you
Why didn't you say that earlier
Ah! Sorry

Please go out and find them,hape they dan't run inta any troubles
OK!
